Build Yer Skills Weekend 2025 Courses

Leave No Trace L1 Instructor

What is it and what does it involve?

This two-day course is designed for individuals who will be delivering Leave No Trace Workshops and Leave No Trace Skills Courses* in the future or embedding Leave No Trace in other programmes. Through short classroom discussions, outdoor lectures and outdoor activities, this course will cover the seven Leave No Trace principles and discuss outdoor ethics in the UK. The course will involve a short expedition with a camp out overnight. You should also be prepared to run a short 15 minute session on a leave no trace principle.

What are the prerequisites?

You should have attended a Leave no trace Awareness course or have an equivalent level of knowledge of the 7 principles of leave no trace.

Who's it for and what would it mean in scouting?

It will give the participants tools and techniques for disseminating low-impact skills to others. It will give you a range of skills whether looking at Lightweight camping permits, Environmental conservation badges or the earth tribe award.
